

I am very sorry to hear the FCC may allow LPFM to move K-LOVE off of the air. I have listened to K-LOVE since I moved to this area and greatly enjoy the family friendly programming they offer. I know what to expect from this station (no cussing, news updates and music everyone can listen to) and respectfully ask that you reconsider giving priority to LPFM over K-LOVE. I currently do not know of any other station in the area offering the same music without commercials, so I therefore would not listen to the radio anymore. Thank you for your time and consideration.
